

**REMARKS**

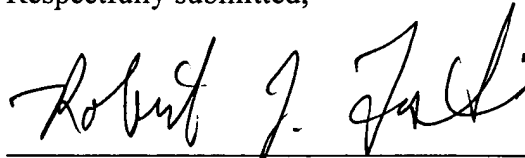

Applicant files this divisional application based on co-pending patent application Application No. 09/487,436, filed January 19, 2000 (the "parent application").

Applicant amends the specification to insert a "CROSS-REFERENCE TO RELATED APPLICATIONS" section inserting the proper claim for priority and application number of the parent application. Additionally, Applicant provides the enclosed Transmittal of Formal Drawings to replace the set of informal drawings. Applicant submits that no new matter is introduced by these amendments.

Further, Applicant hereby cancels claims 1-10, 21, and 24-25, originally filed in the parent application, and amends claims 11, 17, 20, and 22. Applicant submits that no new matter has been added by the claim amendments. Applicant submits that claims 11-20 and 21-23 are in condition for allowance and respectfully request entry as such.

If it is believed that a telephone conversation with Applicant's attorney would be helpful in expediting prosecution of this application, the Examiner is invited to call the undersigned.

Respectfully submitted,
